In order to be eligible for the payment plan, you must be in good standing with the club. Any families that have written 2 or more NSF cheques to the club in the past are not eligible for the payment plan and must pay their fees in full prior to the start of skating by either cash or money order.

The Club shall not be responsible for any damage, injury or loss of property to any member of the Club or guests or visitors taken to the Club premises, regardless of the reason or nature of such damage, loss or injury. Furthermore, every member, guest or visitor shall use the club facilities at his/her own risk.

Please understand that the Raft Mountain Skating Club cannot be responsible for skaters once they leave the ice. The coach must remain on the ice while the skaters are skating and cannot be assisting children in the bathroom or looking for children who have decided to no longer skate. If you are not comfortable with your child leaving the arena on their own, then please ensure that someone is there to supervise them.

Refunds of skating fees will only be considered by written request to the executive within 30 days of the start of skating. The \$35 Skate Canada Fee and insurance is non-refundable.

Any skaters' fees that are in arrears on December 15st will be required to be paid in full by cash or money order before the skater returns to the ice.

There is a \$20 fee for any NSF cheques returned to the club.

I understand that the Raft Mountain Skating Club does fundraising initiatives to keep the cost of skating down. I am expected to participate in at least 2 (preferable all) fundraising activities throughout the season. I agree to actively participate in fundraising activities. I have provided a posted dated cheque (to Feb. 1, 2012) and understand that if I do not actively participate in the clubs fundraising activities, the cheque will be cashed and considered as my contribution to the fundraising efforts. If I have contributed to the success of the club through fundraising activities, this cheque will be returned.
